The "Inter-Art" Foundation Aiud, „Liviu Rebreanu" Cultural Center Aiud and AiudOnline.ro web portal are organising in 2006 the first edition of the "Inter-Art" Intercontinental Biennial of Small Graphics, in Aiud.

The Biennial wants to inaugurate a new tradition in Aiud, so as to illustrate its title of CITY OF ARTS. Furthermore, it marks a premiere in what the definition of **intercontinental** is concerned, as the organizers are counting on the participation of artists on all the continents and wish to divide this entire event in four segments representing four geographical areas, which include all the continents of the Earth: Europe, North and South America, Asia, Africa and Oceania. Four exhibitions will be organised in four different locations in June 26 - 29th 2006
